Doug Grimm, Chairman, President and Chief Executive Officer was formerly Citation chief executive officer, is leading the combination of Grede and Citation.

Combining six Grede plants with seven Citation facilities and two machine shops takes a lot of work. Come and hear how Doug is making it all happen. What does the future hold for the metalcasting giant?

Reminder:

October we will be touring the Bucyrus Erie plant! Watch your e-mail for details coming soon.

The AFS Wisconsin Chapter is dedicated to serving its membership through educational, professional, and social activities designed to strengthen and promote the local metalcasting industry today and for the future.
