Authorization To Provide Freight Handling Services: By completing the Freight Handling Order Form, it is understood that Valley Expo & Displays and its subcontractors do not automatically insure materials, that insurance, if any, shall be arranged by the Exhibitor and the amounts payable to Valley Expo & Displays for drayage services are based on the value of the material handling services and the scope of Valley Expo & Displays liability as herein set forth. The amounts payable to Valley Expo & Displays are unrelated to the value of the Exhibitor's property being handled by Valley Expo & Displays or its subcontractor. It is impractical and extremely difficult to fix the value of each shipment handled by Valley Expo & Displays or its subcontractors. It is agreed therefore that if Valley Expo & Displays or its subcontractors should be found liable for loss or damage to Exhibitor's materials, the liability shall be limited to the specific article that was physically lost or damaged. Such liability shall be limited to a sum equal to 30 cents per pound per article, with a maximum liability of \$500 per item, or \$1,000 per shipment, whichever amount shall be less, as agreed upon damages but as a penalty, and such agreed upon damages shall be the Exhibitors exclusive remedy. Exhibits left on exhibit floor without return instructions will be returned to our warehouse and held for disposition at an additional charge. Valley Expo & Displays will not be responsible for condition, count or content until such time as exhibits or materials are picked up for removal after the close of the exhibition.

As the official service contractor, Valley Expo & Displays is the exclusive provider of freight services. Material handling includes unloading your exhibit material, storing up to 30 days in advance at the warehouse address, delivering it to the booth, handling of empty containers to and from storage, and removing of material from the booth for loading onto your outbound carrier. Shipments by carriers not giving delivery receipts or bill of lading, will be accepted and delivered to your booth space with no guarantee of piece count or condition. No liability whatsoever will attach to Valley Expo & Displays for those shipments. Valley Expo & Displays assumes no liability for lost or damaged items stored during any event. Cost to transport your exhibit material to and from the convention or event is not included.

Information

- Freight is accepted **1/18/2019** thru **2/8/2019**.
- To ensure timely arrival of your materials at show site, freight should arrive by **2/8/2019**. Freight will still be received after the deadline date; however, delays may occur and additional charges will apply.
- The warehouse receives shipments Monday through Friday, except holidays.
- The warehouse will accept cartons, trunks/cases and carpets.
- All shipments must have a bill of lading or delivery slip indicating the number of pieces, type of merchandise and weight.

- Exhibitors can confirm shipment has arrived in advance of the move-in date.
- Materials will be delivered to your booth prior to your arrival on site. Exceptions may occur.
- Delivery dates and times are more flexible.

Estimating Material Handling Charges

- Charges will be based on the weight of your shipment. Each shipment received is considered separately. The shipment weight will be rounded to the next 100 lbs. Each 100 lbs. is considered one "cwt" (one hundred weight). All shipments are subject to reweigh. (200lbs minimum charged on all shipments weighing 51lbs - 200lbs)
- Select the category that best describes your shipment.

Special Handling: Material delivered by a carrier in such a manner that it requires additional handling, such as ground unloading, stacked or constricted space unloading, designated piece unloading, shipment integrity, alternate delivery location, loads mixed with pad wrapped material, carpet and/or pad only shipments, no documentation and shipments that require additional time, equipment or labor to unload. **Federal Express, UPS Ground, & DHL** are included in this category due to their delivery procedures.

- Add Overtime and/or Double Time surcharges for inbound if material is delivered to the booth during the overtime and/or double time period.
- Add Overtime and/or Double Time surcharges for outbound if material is loaded onto the outbound carrier during the overtime and/or double time period.
- Add the early/late surcharge if the shipment is accepted at the advance warehouse before or after the deadline dates listed above.

Straight Time : 8:00 AM to 4:30 PM Monday through Friday
Overtime: 4:30 PM to 8:00 AM Monday through Friday; All day Saturday
Double Time: All day Sunday and Holidays

(Overtime/Double Time will be applied to all freight received at the warehouse that must be moved into or out of booth during above listed times)

**SUPPLIED DIGITAL
ART STANDARDS**

81st AFS Wisconsin Regional
Potawatomi Hotel, February 13-14, 2019

ADVANCE PRICE DEADLINE:
January 23, 2019

Supplied Digital Art Standards

In an effort to provide you with the best graphics for your display, Valley requests that you review these file and media requirements when you supply digital art. Supplying the proper files insures that your output will look the way you expect, and keep additional charges to a minimum. If you have questions about file formats, resolution, or other graphics concerns, please call us at **815-873-1500** or e-mail events@valleyexpodisplays.com

Raster (Pixel-based) Art -

Raster art is the way most continuous tone images are produced. Scanned images, Photoshop files, tif, jpg, & bmp are examples of raster or pixel-based art. Resolution for these files should be at least 300dpi *at output size*. For example, a file for 16 x 20 inch output should be 4800 pixels by 6000 pixels. Both cmyk and rgb are acceptable but **cmyk is preferred**. **Its helpful if all your files are consistently one or the other.**

Use for:

Photographic or continuous tone images.

Vector Art -

Vector art is 'resolution independent', meaning it can be scaled to any size with no loss of quality. Illustrations created in Adobe Illustrator or Freehand are vector art. EPS files are the most common format for vector art.

NOTE: A Raster image imported or placed, and then saved in these programs is not changed into vector art...*it is still a raster image* and may not be suitable for some output options.

Logos & illustrations produced as cut vinyl **MUST** be vector art. If you cannot supply vector art, you may be charged for the time required to convert/recreate your art in the proper format.

Use for:

Cut vinyl, large format text, logos, graphic elements.

Art Size: Art files should be submitted with at least 0.5" bleed. (ex. 22" x 28" sign would be 22.5" x 28.5")

Raster Art can be supplied as Photoshop, jpg, tif, eps, bmp or other standard raster formats.

Vector Art should be **Adobe Illustrator (.ai), InDesign (.indd) or .eps (from Illustrator or InDesign)** files with text converted to paths. Include all linked files. If text is not converted to paths, all fonts must be included. When sending vector art use the package option in Illustrator or InDesign to properly export all necessary files.

QuarkExpress users, supply eps files with fonts embedded. Native Quark files are no longer supported.

Media: CD or DVD. For FTP access contact your Valley representative.

Please include a color hardcopy or pdf. Critical PMS colors should be indicated on the hardcopy.
